2-Piece Brixton Forged x Dymag Carbon+™

Designed for the true super-car enthusiast, the Brixton Forged Carbon+ Series utilizes the highest quality APP 6061-T6 Aerospace grade forged aluminum faces combined with the ultralight Dymag Boxstrom BX-F carbon fiber barrel and Titanium assembly hardware.

Typically 25% lighter than its aluminum counterpart, the Carbon+ Series provides the versatility of a multi-piece wheel while remaining the lightest weight, track ready wheel in our lineup; specifically designed and tested for super-cars and hyper-cars alike.

Dymag BX-F genuine carbon fiber barrel x Brixton Forged center
 Hardware options: hidden / exposed / 50-50
 Built-to-order - variable profiles available*
